

# Leading for Inclusion: A Transformational Convening

## 2-DAY LEADERSHIP EXPERIENCE

*End Exclusion.  
Build Inclusion.  
Change Systems.*

### Join Us!

This two-day convening brings district and building leaders together to end exclusion for Black students with disabilities and students with IDD. Participants will confront exclusionary patterns, redesign inherited systems, and leave with concrete strategies and a clear action plan to build inclusion into the structure of their schools. This is not passive learning – it is focused, collaborative work to change systems and deliver measurable progress.
